For the few people who have been down to the (air conditioned) slogan office you know that there is a poster on the door that list all of the things people do when yearbook has completely taken over their lives. Not only do I do all of those things listed on this poster, I could also tell you the life story of the night security guards from spending so many late nights at the school, I have an "all about yearbook" DVD in my DVD player at all times for reference and I know 9312 (our yearbook job number) better than my own phone number. The slogan was a lot of work, and I am not going to lie, sometimes I hated it and I wanted to quit. But so many people helped out in so many ways and kept me on track. I want to thank all of the slogan staffers – layout and photography, whose time and creativity fills every page, Ms. Danard and the slogan grads for the beautiful GY pages, and of course Marilyn and Mr. O'Donnell, for sharing many long hours, almost every one of my spares, and many baked goods (courtesy of Mr. O). We here at slogan want you to enjoy your yearbook, and realize that the yearbook is not about paper, pages or pictures – it's about people. ENJOY!

Mrs. Murton
Principal

At Bramksome Hall, we must have students who understand that the moral and ethical tone of the school is to a great degree shaped by them. It is their duty to uphold the core values of the institution and on the strength of this practice rests much of the quality of school life in any given year.

I devote so much of my free time to the IB organization because it is a system of education I believe in. Specifically, its focus on values' clarification and education of the whole person are what I believe in most fervently.

IB programmes - the Primary Years Programme, the Middle Years Programme and the Diploma Programme are ideal learning vehicles for girls. The IB programmes foster in depth learning using inquiry approaches from junior kindergarten to graduation. Students are encouraged to develop fully their areas of personal strength and also to enhance those areas of the curriculum which may not be their natural preferences. This broad liberal arts approach ensures that girls develop into confident and capable individuals who are prepared to explore a wide range of career and life options.

New Middle Division Building Opening Ceremonies

September

20 - 21

2004

What was a dream and then a plan became a reality on September 14, 2004 when Branksome's new Middle School Wing opened its doors to students for the very first time. A piper's tune filled the crisp fall air with both a sense of proud tradition and an eager hope for the future at each of the official opening assembly and the official ribbon cutting ceremony. The open and naturally lit spaces in the Middle School Wing inspire a sense of calm and collaboration while faculty and students can delve deep into inquiry and exploration in specialized science labs, a fitness studio, a drama room and seven spacious classrooms. Smart Board technology, audiovisual equipment and laptops support our learning and expand our horizons. What a privilege it is to be a part of this exciting moment in Branksome Hall's history!

Lindsay Robinson - Head Girl

Honestly, I don't know how it happens at Branksome, but we all manage to combine school and fun under one roof. We have got a perfect mixture of a little something that I like to call the daily ABC's… Athletics, Books and Clubs, not to mention our talent shows and staff challenges. I am very proud to say that we all have successfully achieved our motto, "Live and Learn Beyond the Books."But most importantly, the greatest part about Branksome is the people. To our teachers, your endless help and support truly makes a difference. You motivate us to work hard and try, even when it's last period on a Friday. To all of you kilt clad girls, Branksome is the way it is because of you. I feel so lucky to have experienced Branksome with all of you and our great times together will never be forgotten! Finally to the grad crew in the red ties, no matter where our future takes us, we will always be a team…the grads of 2005. Thanks for the incredible memories.To everyone, cheers to you! Whether you're a best friend or someone I have shared a smile or high five with in the halls, thank you! You have made my years at Branksome unforgettable. All the best to each of you in the future. And as the famous Ferris Bueller says, "Life moves pretty fast. If you don't stop and look around once in awhile, you could miss it." Savour your Branksome years because they are worth it! I will miss you all! Linds xox

Alex Filipczuk - Communications

Imagine Branksome if no one could speak, if no one could write, if no one could think because they would have never been taught to understand. Now imagine the world and its societies if no one could speak; a world where no one could write, a world uninhabited by language- a world where thought remained frozen in a place that humans would never know existed.

*****

It may be my official title to bridge the gap between this world and our privileged reality… but it does not compare to the power we individually possess to live this reality to the fullest. I would like to thank every one this year for not making the earth just another sphere with people shaped holes in it.

Amanda Berger - Middle Division

To my Mid Div Girls:Mid Div this year has been unreal! Some of the funnest moments of my graduating year have been spent with all of you. Your spirit is contagious and your smiling faces always brighten my day!! You girls are incredible and I'm so happy that I got to know so many of you. From movie nights to decorating the new Mid Div Wing, and dances to just plain old school work, the mid div girls really DO it all! I truly believe that Mid Div had the best of BH this year. Where else do people dress up as a fairy to wish you a happy birthday or start off an assembly with over 100 girls cheering the Mid Div cheer ?I want to thank Ms.Kliewer, Ms.Colwell, Ms.Bincik, and Ms.Weinstock for their hard work and dedication as well as for their support and belief in me. To my wonderful BAS reps; thank you for always being on top of everything and sharing your infectious laughter with the girls of Mid Div and, of course, with me. To clan reps, Our House Reps, and Assembly committee; thank you for making everything so incredible this year. You are all Mid Div Stars! To the Prefects, without you I would be lost. I am so thankful for your friendship. Lastly, to all the Mid Div girls; this year has been stellar.I hope this year has been one you will always remember. I want you to know that I could not have asked for a better group, and I swear when I walked past you girls in the hall I *could* **feel your energy!** Peace-up, A-town down. XOXX- Amanda

Caitlin Cheddie - Student Life

The life of a student is very interesting indeed. So it comes as no surprise that there would be a committee entirely dedicated to it; even named after it. However, this intriguing little committee made up of equally intriguing and fascinating people is so instrumental in not only making the lives of the students better, but also that of the whole school. Perhaps SL should really be called Branksome Life; then again, that doesn't have the same catchy ring to it. The strength of Student Life is merely a sum of its parts; thank you to the faculty for lending their time and voices to make our school a better place, and of course to the lovely grade reps. Your dedication and enthusiasm is what made the trek to the basement of the Caf worth it every time. Your colourful nature shone through, during the crazy rainbow that we call Spirit Week and otherwise. Mrs. Smith, you are the backbone of this committee, and your support and faith guided us all along the way.

They say that to make it to the top, you have to start at the bottom. Coincidence that we meet in the basement? I think not…

It's been a slice,

Cait

Angela Lau - Residence

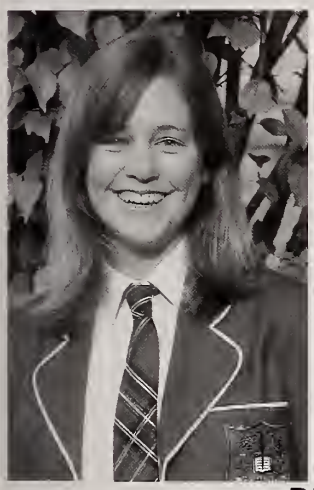
It's so hard to believe a year had already passed by so quickly! I survived from 8 years of boarding since Grade 4, and I have changed immensely especially during the 4 years in Branksome residence. I grew up. And now I realize the word **RESIDENCE** actually means a lot...

The very first thing I have learned is to **RESPECT** 50 girls from different countries. It is the great **ENTHUSIASM** that brought us together as a united group. We treat each other **SINCERELY**, and learned to be **INDEPENDENT** living without our parents. The residence is just a **DORMITORY** with 50 girls living like one big family. And those **EXCITING NIGHTS** we sneaked out from lights-out, I'll never forget. Lastly, it was the **CARE** and **ENCOURAGEMENT** I took in from you all, who have helped me so much throughout my hard times. To Mrs.Smith, Ms.Fear and all the dons, thank you for helping us out and taking care of us. To All the Junior Dons, this year won't be as great without your great spirits! I know I'm going to MISS YOU all so much and THANKS FOR SUCH A GREAT YEAR!

With love*Angela

Augusta Mellon - Clans

I have loved every single second of being Clans Prefect. This year, Clans was an absolute blast and their presence in the school was stronger than ever! There were so many great clan events this year. From Terry Fox Aerobics, intramurals, autumn games and homerooms, Clans was definitely rockin' this year. My amazing experience with this portfolio has been because of all the people who helped me. Firstly, Mrs. Rotherham- even though you left in November to have your baby, I cannot thank you enough for all your advice, support, help, and organization throughout the first two months of school. You helped me more than you know and I am forever grateful. Your love for Clans is unmatched. Secondly, Ms. Gambin- thank you for stepping in and taking over Mrs. Rotherham's job. Your enthusiasm towards Clans was crucial and you were so helpful with everything. To all the Grade 11 and Grade 8 reps, you guys were such strong Clan helpers! Thanks for spreading Clan lovin' throughout the school. And last but not least, my girls, the Chieftains. Katie, Kat, Brit, Trish, Hilary, Jane, Shannon, and Clarissa- I have been so lucky to work with you girls this year. All your hard work was amazing and you are the reason why Clans were so successful this year. You kept me laughing the whole time. You got the whole school to "Bring It On" and show their Clan spirit. Thanks girls, for everything. Without you, Clans would be nothing. xoxo Big Gus



Kimberlee Regan - Sports Captain

Chants of "red, green, black and white" could be heard throughout the Branksome environment and beyond this year as we left our mark wherever we went. Whether it was on the fields, the courts, the ice or the water, Branksome girls wore their shiny-green-and-sometimes-metallic jerseys with pride. You all dared to venture into that world beyond the classroom and "live beyond the books." Thanks to Mrs. Parker for her patience and lunchtime meetings, to the coaches and team-mates who make those long road trips so enjoyable and finally to everyone who saved my life by scoring and timing at the last minute. It's you, our Branksome athletes, who make me proud to tell people that our school mascot is a (very intimidating) green frog. For future reference, I still think he would be much more threatening if he accessorized with a cape or mask of some sort. Peace up, A-town down kids! Kim

Dilzayn Panjwani - Community Service

"Where is the Love? The love, the love..." –Black Eyed Peas

This year after experiencing the genuine commitment to community service by everyone, I realized that the love is right here at Branksome. Each and every one of you has made a difference from the AIDS campaign to the CS lip syncs. You have brought joy to the hearts and smiles to the faces of so many! Special thanks to Ms. Rotherham for your help and motivation in the first term, we missed you lots. Ms. Gambin and Mlle. Ledoux, thanks for your continued support and enthusiasm. Props to all the CS superstars this year: keep working hard and making a difference (remember to hang up those stars). To the whole CS council, your ideas and suggestions are always appreciated; you will go on to achieve great things.To all those going to India in years to come, make the most of this unforgettable experience. Finally thank you Branksome for the best years of my life! Keep spreading the love!

Peace-up A-town Down! Good Luck not Goodbye!

Love always,

Dilzayn

Kathryn Higgins - Junior School

Oh the times! They were good times. No, they were *great* times!
Thanks to everybody for making the Big-Sister Little-Sister events and relationships memorable and always fun. To my girls on the west side: Your never ending smiles and interesting little quirks kept us on our toes. We looked forward to the Thursdays to come over and hang out. To my girls on the East Side: Your dedication and enthusiasm was unbelievable. Just your presence at the events made a world of difference! A special thanks goes to all those who filled in last minute and took on any deserted child. Tear. You ladies are my saving grace. East side, west side- it's all the same hood- remember that.

Lindsay Spindler - Arts

"I build a painting by putting little marks together...some look like hot dogs, some like doughnuts."
-Chuck Close
There's no real secret to making art. There is no science, and no real math (personal finance, anyone?). All you need is a vision. Branksome provides us with so many ways in which we are able to develop this vision, whether it be inside or outside the art studio. Here are some ideas to get you started. Try something new at collage; audition for the play, or join a tech crew if acting isn't your thing. Take a photography course or even com-tech, if graphics and film appeal to you more. Volunteer at a place like Art City to help others build the courage to create. Allow yourself to grow in the artistic community at Branksome, and then challenge yourself to reach beyond its doors to something bigger and better and never settle for less. To Mrs. Pratt, the art department, and all the girls at Arts Council- thank you for sharing your visions and help to develop mine. You don't have to be good at painting to sew a skirt. Find your way of expressing whatever it is you're feeling and don't be afraid to show the world. Even if it does just look like hot dogs and doughnuts at first.

Julie Gilmour - Admissions

Thank you to all the students, who have given up their precious spares to tour families through Branksome's winding halls. With such a wonderful group of girls, who wouldn't want to come to Branksome? I really appreciated that you all wore number one dress so perfectly on days that you could have worn polo shirts, for putting up with many "green slips", and for hiking up all of Branksome's stairs.Thanks again! I also want to thank Mrs. Firth, Mrs. Bishop, Mrs. Penny, and Mrs. Pratt for their continued guidance and support throughout the year;you really welcomed me into my role, as Admissions Prefect and I immediately felt like part of the team. I will miss you all next year! Have a great summer!

Quinn Bosada - Beta Kappa

As Branksome Hall's DANCING DIVA, I do not think that I could have asked for a better year. Beta Kappa Council was victorious, and to all of the girls who participated, I just want to say thank you for your help-you girls were my backbone. Marina, you were awesome, keep the traditions of Beta Kappa alive! To all of the staff advisors, you made everything possible; I could have not done this without you. FORMAL 2005, The Flare, The Rout, The Straw, Father Daughter, and The Spring Fling were a blast to plan. You proved that all you know how to move your booties and how to make the boys stare. Just remember: Dance like no one is watching. PEACE UP A-Town.

Rachael Popowich - Senior School

The Senior School Portfolio is versatile and inspiring. The role provides possibilities to collaborate with student groups and faculty committees. This is done in an attempt to contribute positively to the educational community. Student Council and Community Rules Committee are both efforts to better daily life at Branksome Hall. Ideas are cultivated, shared and tried. The action taken sees both failure and success, reflecting the convictions and challenges of a dedicated student body. Representation in student government is a vital aspect of school life and it is constantly in a state of improvement.

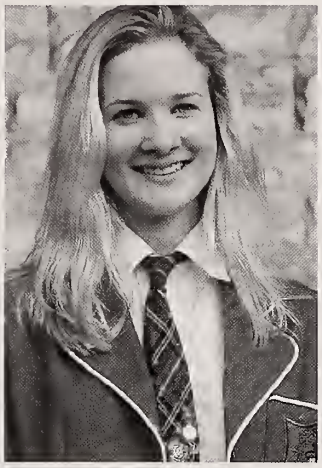
Kelly Radke - Assemblies



"According to most studies, people's number one fear is public speaking. Number two is death. Death is number two! Does that seem right?" – Jerry Seinfeld. I think what my good pal Jerry is trying to say through this comment is that if people take themselves far too seriously, and as a result, become direly afraid of public speaking in any shape or form, life is going to seem very long, and very frightening. And this, my friends, is absurdity, and let me tell you why. Have you ever told a story to a large group of friends about that cute boy working at Subway who you could have sworn gave you a discount because he was madly in love with you? Well THAT'S PUBLIC SPEAKING FOR YA, FOLKS. Being Assemblies Prefect has taught me to filter in the enthusiasm I have for talking to my friends into my Monday's, Wednesdays, and Fridays in front of the mic. It's been an honour to be in this position, and to work with people whom I care about and respect deeply – Ms. B, Mr. Grabowski, Ms. Smith, Vishnu, everyone on the committee, all you kids in red who've helped me if I was stuck, and of course YOU, THE FANS! (Calm down Kelly, this isn't an awards show.) Cheers to the next Assemblies chick – relax, stay cool, have fun, and keep on rockin' in the free world!

Sabina Martyn - Community Outreach

How far that little candle throws his beams!
So shines a good deed in a weary world.
~William Shakespeare
The basis of Community Outreach lies in the idea that helping just one person can have a great effect on many. Through the Best Buddies, Art City, Homework Club, JUMP tutoring, and Horizons programs, many students have offered their time and extended their friendships to children of the community. Thank you to all of the dedicated tutors and mentors, for your enthusiasm and efforts. Through your support, you have truly made a difference in the lives of others. Thanks also to Ms. Rotherham, Ms. Gambin and Ms. Louie whose organization and tireless commitment have made this year a success. And here is a poem! Thanks to our keen girls in plaid,we've never had a day that's been bad.The children from other schools smile,As we help out in true Branksome style.So let's raise our glasses of peach (juice, that is) And shout "Hooray for Community Outreach!"

And on that note, I propose a group hug...

Leda Hoffmann - Clubs/Societies and IB Liason

Clubs and Societies/IB is the longest name a portfolio could have, but I have had fun explaining it. It has been great working with everyone.

The activities that happen in Clubs and Societies are the best part of my day (and I am sure they are for many others as well). Thank you to all the heads of clubs and all the staff advisors. It is your dedication that makes school as much fun as it is. Branksome girls learn so much being involved in clubs and societies. To all club members: keep up the good work!

The IB program is off to a great start. Congratulations to those who are making Branksome history happen. Administrators, teachers, and students in IB courses, thank you for laying the foundations for this program. As the IB becomes a regular part of Branksome life, challenge yourself and good luck!

I will miss you all! –Leda

Alumnae Representative

Aleksandra Ryabchenyuk

It has been a wonderful opportunity becoming Alumnae Representative after two years being in Branksome and having a Russian school background. I had a great chance to meet a lot of interesting Alumnae ladies. It was very exciting to report on school events, involving the Association in Branksome's daily life, each month. I am very thankful for getting this position and leaving the school, knowing that I have been involved and been remembered on this page.

Do svidaniya,
Aleksandra Ryabchenyuk

Parent Association Representative

Well, it's been a great year and it has gone by so fast. This year as the students representative for the Parent Association, I got to learn so much more about the school. The dedicated Parents of the Association are involved in so much that the school has to offer outside the classroom. We worked hard to put on a host of events that improved our school community.The beginning of the school year in September was the annual family BBQ which was sponsored and organized by the Parent Association and was an extremely successful start to the year. Parent involvement is so important at Branksome and the Association worked hard to keep all parents informed this year. We hosted parents' information nights for Grade 9 – GY and a Parents' Forum that informed parents of important issues in their daughters' lives; to keep all parents informed is a crucial goal for the Parent Association. The Parent Association also sponsored, organized and ran many other events throughout the year such as Jack and Jill and the Open House. To be the Student Representative for the Parent Association has been a great honour this year. I would like to thank Mrs. Lau, Mrs. Smith and Mrs. Murton for helping me out so much. I would also like to thank all the members of the Association with whom I was able to meet every month. It was a pleasure getting to know you. All the best for next year!

This book is about a girl named Tracy. Her mother moved to a new city to form a new family. The attitude to best describe Tracy is brave, because when one of her classmates grabbed her project she stood up for herself and got it back. It also tells you how you might feel when you get a new family. This story is fiction.

I chose this house because in the book The Sky is Falling the house is described exactly as this one looks. This tower looks excactly like I pictured it when I read the book. The red brick is the same as it was in the book. The house also looks very grand from the top view. I can tell that there are a lot of trees so it must be a very leafy street. The adress of this house is 128 Park Rd.

<u>I am a Needle</u>
swaying up and down like a leaf on a windy night.
Starting as a thread and becoming a design,
maybe a wave lapping back and forth,
or a feather falling from the sky would describe us.
I am growing needlework swiftly inching through the fabric,
creating patterns,
remembering what has passed.
Stitching,
sewing,
gently rowing,
not a worry on your mind
that worry becomes needlework.
-Alex Behal

<u>Love</u>
Love is the thing with fur and long ears,
that hops in the heart.
And beating love and happiness into life,
and does it night and day and never stops,
hopping through life,
loving and caring.
-Kate Wallace

Year 2005

JULIA AHN
Campbell, 2002-2005, Mrs. Reynolds
If there are different phases in life, the years at Branksome Hall have put me into a gaseous state. Wherever I am and whatever I do, I have learned to stretch myself without limits. If I could float before, now I can soar. If I could flow before, now I can fly. For the past three years, Branksome Hall has been my guiding light, faithful companion, and a home. I must thank all my teachers for their great wisdom and support. Thank you very much. I also thank everyone at school who put so much effort to make Branksome Hall the best school it can be. I send my love to my friends for being just so wonderful as they all are. But most of all, I am truly grateful to my parents and my sister for their love. I love you. Lastly, good luck to us, dreamers, who are about to enter the next phase in our lives, beyond.

SAMIA ALIBUX
MacGregor, 2004-2005, Mrs.Badali
'We learn and grow and are transformed not so much by what we do, but by why and how we do it'. This year has transformed me into a young and vibrant woman ready to tackle the world. But as we all know, every transformation comes with ups and downs. Firstly, I'd like to thank my family for helping me every step of the way. Mum and Dad, I love you both very much, you both are the only people who truly understand me. Thank-you for everything you've done for me these past years. If it wasn't for you both, I wouldn't have survived this long. I've learnt that hard-work, determination, and faith in God is what brings success. In this one year I've learnt, I've loved, I've laughed, and I've cried. All these things were shared with: Chels, Erry, Rose, Anne and Samia CS. I love you guys so much, don't forget our endless nights at 7 west café. To Samia CS: We're finally out of here, you've made everyday enjoyable for me.

LISA KATHRYN LUCE ANDREYKO
MacGregor, 2002-2005, Mrs. Murton and Mrs. Sheehan
"I've got rhythm, I've got music…" I think that song will be stuck in my head forever! After being at BH for only 3 years, I wish to express my sincerest thanks. Firstly, to my fabulous family for their infinite love and support- you proved to me that anything is possible. Sarah, thanks for being my best friend. We are two of a kind! Thanks to my outstanding teachers who shared their knowledge and passion and who gave the best advice. And of course, to all my wonderful friends who have stuck up for me and brought me so much happiness and laughter-thank you for the memories. Party on! For the boys in my life (countless!) you're crazy, but oh so necessary! Wherever we end up, I'm sure everything will be groovy. "Don't say goodbye, just say so long, we'll meet again someday and we'll sing another song." Much love, Lisa. xox

STEPHANIE ATIN
Campbell, 1999-2005, Mrs. Johnstone
Day 1 at Branksome (the most terrifying day of my life), I knew no one, no one knew me. 6 years later I'm still that reddish haired girl, with those glasses, who doesn't shut up about musicals, but those people who didn't know me then are now people I couldn't live without. To my friends: no matter where we are, or what we're doing you always seem to make me have a good time, no matter how hard I try not to. To my teachers (who probably won't read this): you have taught me so much, the most important things-not in the curriculum. To the GYs of 2005: if you run into me 20 years down the road, don't just say "hey I used to go to school with that girl" to whomever you are with – say hello, I will remember you. Unless you have had too much plastic surgery and I don't recognize you. *"forget regret or life is yours to miss. no other road, no other way, no day but today."* – Rent (of course). A huge hug to all who never got one! p's.

EMILY BAKER
MacLean, 1999-2005, Mrs. Fabian
Well here we are. The year we all thought would never arrive did, and its been…a party, a crazy trip, a learning experience, a time well had. Its been unimaginably fun, very weird, scary, intimidating, all of the above and so much more. From movies in gr. 8 with THE girls, to dances, Sarah's basement, and staying late, to Ciggy's birthday, boys, formals /semis, x-country (Stumby), and synchro and most of all, great friends, met here at BH. Simone, my other half, thanks for always making me laugh- never apart. Kat: big butts forever. Barrett, Beans & Wellen- its been memorable, hilarious times and G- my supporter, you're amazing. Mom & Dad & Luzzie: you were always there for me, and pushed me to do my best, to the place I am now. Thank you. Mitch- I couldn't forget; you always made things interesting. I love you all; you guys mean everything to me. Now for all the grads… this year we are those older girls. WHOA!

TORI BALL
Campbell, 1997-2005, Mrs. Johnstone
"Education is an admirable thing, but it is well to remember from time to time that nothing that is worth knowing can be taught." -Oscar Wilde. If I have learned anything from my high school career, it can be summed up in three small words of wisdom: life goes on. "Here's a toast to all those who hear me all too well"-thanks to everyone who made the nights longer, the days better, and the laughs harder. Rugby-GRRR. The family-thanks for putting up with my antics and 'shenanigans'. TSC-my heart will always belong on Canoe Lake shores Q102.9, CIT'04. B-17 years and counting. You can't stop the green machine.

MARYKE BEATRIX BALLARD
Fraser / Scott, 1992-2005, Mrs. Smith
13 years in a kilt! What will I wear tomorrow? A big thank you to all my teachers who believed in me and made me who I am today. Branksome you've been my life and now I'm ready for the future. Mom & Dad thanks for showing me the world and helping me to realize my dreams. Linds and Chloe you've been there all these years. Nerd keep the gossip coming and Binky you'll always be my little sister. To all the BH girls who have come and gone over the years, keep well the road.

CELINE BELL
McLeod, 1999-2005, Ms. Zommers/Ms. Walton
My time at Branksome has come to an end and now I must create something witty yet sincere summing up all the great times over the years. So here goes nothing: To all of the girls from the English hallway – I'll miss you all (but I know I won't miss getting yelled at by the teachers) and all the good times. The WGs, pointy stick (and shoe on a rope), rafting at the cottage, Italy 2004, Disney sing along, "I'm manly," Irish boys, inner gulls, searching for a lunch room, 3 hour phone calls (treehouse!), Jojo fan club, beach parties, stage crew, Outward Bound, and being called Saysay. Mom – I love you so much. Thank you for being my best friend. Dad – Thanks for all the love and the laughs. And for all the grads of 2005 – we've worked hard to get here (well pretty hard anyway, some more than others), and now it has come to an end. Peace out and Keep well the road.

AMANDA JACLYN BERGER
Campbell, 1999-2005, Mrs. Johnstone (a.k.a. Johnny)

"Draw a crazy picture, Write a nutty poem,
Sing a mumble-gumble song, Whistle through your comb.
Do a loony-goony dance 'Cross the kitchen floor,
Put something silly in the world, that ain't been there before."
-Shel Silverstein
From nursery rhyming days to GY's in red ties (Wait a second, who ever said I got past the nursery rhymes?)... As you sit and read this ever-so-important grad comment, the days of blocking the halls at lunch, thinking up elaborate spirit week schemes and filling the grade conference with messages has probably come and gone. But that does not mean that the true green spirit will not live on. Go Campbell- I know that we will keep on winning!
I hope we all keep in touch- good luck everyone!!

AMY CASSELS BURT
Campbell, 1999-2005, Ms. Johnstone
The cartwheels have turned into car wheels, and these terrifyingly amazing 6 yrs have come to a screeching halt. To the places that have shaped me into who I am [RPC,ICS,BH,PAC]. To the teachers who have taught + challenged me- the guidance [Stumbie], the inspiration [Friendy], and the friendship [Johnie] To the girls in green (a colour we once hated) thanks for all the support + great memories- legs barricading the halls, staying up late to work + play, crying in class, laughing in spirit week, shaking our booties + eating, always eating. It chokes me up to think of how much I will miss you. Mostly, to my family- Mum + Dad: I love you both with all my heart GTAB: don't miss me singing on the top of my lungs too much AB x3: thanks for the direction + the laughs. "Be who you are and say what you feel, because those who mind don't matter, and those who matter don't mind." – the Dr himself (Seuss that is). Peace out, Amy xo WHOA!

CAITLIN BREANNE CHEDDIE
Gordon/MacGregor, 1995-2005, Mrs. Murton
Live and learn beyond the books. For every leap I took, I faltered along the way, but everything I've gained made the falls worth it. From plaid scrunchies to red plaid ties, we've grown up together and it's indeed been a slice. **Girls**: you are the lights of my life, and it's darkness without your smiles…you've been there to dry my eyes, even when laughter was the cause. You all amaze me. Here's to dancing in kitchens, "magical" nights, late night drives, QC04, dances, awkward singing, PEACE UP and all the good times. **BHall**: for everything I've learned in/out of a classroom, I'm grateful. **Dad**- I'll never get taller, but b/c of you, I'll never stop growing…got you last! **Mom**- words will never describe my love & appreciation. **Dan**- love/support/corruption all under one roof. **GYs**: we kept the road well, and may the green machine never be stopped. *"Dream little darling, dream".* Cheds xo

I don't know what to say? My time here has been awesome and I'm going to miss it here when I leave. I don't know how I'm going to survive in "the real world" without the friends I've made in my 5 years here. Kathleen, you'll always be there…for me to drive around. Sarah, I hope they make a law that you can't leave ur bag on the ground because u're going to hurt yourself. I gotta call Steph at home, where's the number for the Granite Club? Hilary, I don't know what I'd do without you, ITALY '04 was crazy (Jules). Lenny, u've been there since the beginning, intense convos, u are my support system! To my family, Mom, Dad and Adam thanks for all the love, support and cash ow to get me through. In grade eight I would never believe I'd ever get to that day in white, but all the things in between then and now were worth it. Chieftains – baby birds forever. I'm going to miss it here, but I have to leave sometime. xox

And the seasons they go round and round and the painted ponies go up and down. We're captive on the carousel of time. We can't return we can only look behind from where we came and go round and round and round in the circle game. From beginning to end, we meander our way through life with very little purpose or direction. And the path is adorned with laughter and tears, people and places that stick with you forever. My family is the reason I haven't yet gotten lost. SuperVal has saved me from Grievous Bodily Harm more than once. The lunchroom crowd (old and new): I owe you some of the best times of my life, and you owe me my sanity. From Montreal to Hamilton, from the English Hallway to BHnet and beyond thanks to everybody and everything that has defined my life. You mean the world to me. *I hate when things are over – when so much is left undone.* Please, don't drift away; don't make this be the end.

My four years at Branksome have been the most wonderful years of my life. First, I want to thank **God** for the blessings He has willingly offered to me: my family, friends, teachers, and achievements. **Mom**, you have been a guiding light that shines in the darkness. **Dad**, your invaluable lessons have trained me to go through life with serenity and simplicity. **Tutti**, your smiles were always there in front of me in times of stress and I thank you for being my refuge. Don't ever change! I love you! To my **cousins**, words cannot describe what your love means to me. To my **teachers**, you have taught me to question and challenge the world. To my **friends**, thank you for the times you have indirectly helped me in ways you cannot even imagine. To the **Class of 2005**, I will miss you (sniff sniff) and may the GREEN MACHINE never die!! Never realizing this day would come I find the air full of Thoughts and Things to say. How do you measure a Life? How do you measure a Life Time? It is in times like these that only the Small Things can be said, whilst the Big Things lurk inside and are left unsaid. Thanks to the Small Things: how jewsdoit, my love for A-town, being a muff, hsb, bad routes, roaming w/ the homies, my princess sofia (def. a *big* thing), by-la-mole, and many other mems. Now for the Big Things: My family: I couldn't say it enough…I love you! The friends I'll miss: thank you for making me who I am. The peeps I won't thanks for making me strive to be better. The only Latvian I know: *thangod* for flashing you in Quebec. Thanks to all for making me strongest- by showing me my weaknesses, or moving me to love so much that you became my weakness. I would have to say that the best part of the five years I've spent wearing plaid are the amazing people that I have met. To my girls: you are the girls that made these years worth while and I never want you to forget that. BH, SN, RS, MB, JN, JD. I love you all so much. I have such an amazing support group that I am so grateful for. To CD and MM I love you two more than words can express. And of course I cannot forget Tay Tay you always make me laugh. Thank you Mom and Dad for all of the amazing opportunities you have given me and for putting up with my ridiculousness and supporting me through it, I am more grateful than I let on. To Sarah, Andrew and Liz where would I be without my older siblings keeping me in tact.

Rowing girls: we made it through the blisters, tacky spandex & eating microwave dinners 4 a week. 3Musketeers (sar, hilz): besties from the beginning. Jac: u've always been a sister 2 me; we were friends long before BH & will be friends long after. Mom,Dad,Granys: I truly appreciate everything u've done for me; I couldn't have made it through without u'r constant support & guidance. Emily+Robert: I'll miss u the most next yr. Adolescence is a turbulent time, but mine is more than others because I had to overcome a serious brain injury that nearly cost me my life six years ago. But Branksome was the one school that accepted me unconditionally for who I was. I had amazing, compassionate, teachers who never stopped having faith in me and guiding my path and helping me to succeed. I know I will always remember them and be forever grateful to them all. They taught me not just about getting good marks but about the lessons of life. I proved that I am not just a survivor but a winner. I need to thank the friends who stood by me for all their love and support. Finally, I give a big hug and eternal thanks to my Mom and Dad. You are the greatest parents a girl could have, and without you I wouldn't be here today. I can't wait to find out what the future holds for me and the great grads of 2005!

Ohh the times! Well, you know what? I've had a lot of fun and believe it or not, learned too. Friends: thank you for making me laugh until I throw up...except not. Whether in a basement, a hallway, in class, 'in class', abroad or just out and about with our antics. You girls rock my knee socks and make me so happy. You are the reason I don't waste my life away napping by a pool...or on a bench. Love you all. Teachers: The advice you've given me will outlast any definition; "Katie, don't be so obnoxious" "Don't flunk". Louie, your energy was the best snack. My family: The bros- thanks for something, I don't know quite what now, but I know I'll figure it out later. Dad- letting me turn up the music everyday for 9 years. I will always learn lots. Mom- making sure I really am awake and allowing me to keep my sanity. "All things in moderation... except some"-me. I've got to thank music, Danke Schoen.- love Katie/Higgs ("I'm soo cute")

Red, Green, Black and White on my first day at Branksome, Ms Friend laughing at Mr Bumble from the dark seats of the PAC, the cheers after our Miss Centennial win, Ms Fabian's excitement reading Macbeth, Friday morning jokes and smiles at choir from Ms Olfert, Ms Zommers giving me a hug before the finals at Internationals, endless phone conversations with Tierney, throwing Mycenaean javelins in History class, passionate views at Prefect meetings, deep discussions about subatomic particles, Scott cheers at Intramurals. Although, I am leaving Branksome behind, I will never forget all the incredible memories I have had when in my green kilt, knee-highs, blouse, and tie. I have to thank my family for facilitating this educational experience and for always making education the top priority. Mom and Dad, your love, devotion, and assistance have nurtured me into a more independent girl that can now move onward to reach my goals. I will always be your "green bean". Michael, you are the greatest over-protective, loving brother in the entire world. BH teachers are amazing! Ms. Mistry you were truly inspirational. Thanks to all of my friends for our constant talks, dinners, movies, spares, and study sessions. I will take these incredible memories with me to university. Class of 05: congrats! I will miss all of you. xox

But how could this be? Did I not only just arrive? It certainly feels like it. I'd need the amount of pages in a Tolkien trilogy to even come close to summing up the years at my second home, so instead, I'll acknowledge those certain 'peeps' who've added greatly to my life. Mum-One day, I hope to become a woman half as courageous as you. I love you. Joe-Cheers to Father/ Daughter Dances! Thanks for playing the role in my life that every kid needs. I love you. K1- What would I do without my siso? You are a part of me, and I love you. Ambie- My princess! Peace to all my girls I've known since I was wee, the great one's I've met along the way, and all my teachers. I've needed your wisdom. Thanks, Branksome, for these 12 wonderful years. These past four years in Canada came unexpectedly, and have been some of the most challenging and the happiest years. There are many people who throughout it all have kept my life "sweet." To my friends near and far: I don't know how I would have made it without you. Thank you for the trips (Aussie '03), dinners, movies, late night study sessions, e-mails, MSN, the laughs (sometimes tears), and all the unforgettable memories along the way. To my teachers: thanks for all of your help and support. Mum and Dad: thank you for everything. And don't worry mum, I'll always be just like you: unable to reach the top shelf! Elizabeth and Sarah: you're the best and the worst and no matter what I'm still your big sister! To the Grads '05, my favourite green machine, take care and good luck.

My girls who made me love every second of the past four years, you mean the world to me. You attended hoe downs and tacky proms, moderated caucuses, wore ridiculous amounts of green clothes, had some grade bondage, danced in kitchens, sang off key, got pulled over by 4 squad cars, chilled in A-town, took cemetery walks, let me call shotty days in advance, watched Leaf games and Team Canada champs, represented B-Unit and ventured beyond the GTA. You're the ones who took France, LBrunnen, QC, MoDot, Aussie, Cunner and Muskokes by storm. You held my hand, dried my tears, made me laugh until my sides ached and my bladder overflowed. M+D: Thank you for so much more than the late night/early morning rides, you wouldn't believe me even if I could explain how much I love you. T+P: I look up to you both in more ways than the obvious. Well ladies, we may be retiring our red ties but this is just the beginning…

Okay, so in this tiny space I have to write up 6 years of my life. Oh this should be easy. I'm not one with words, but we'll see how it goes. I really will miss Branksome. Seriously. I wouldn't have all of my absolutely amazing, wonderful, caring, loving, fun (I could go on) friends if it wasn't for good ol' Brankie. (Haha, just joking. I'll never say Brankie again). "Hey…look at me; I'm a fairy!"…Yea, and don't you forget it! See, I would've put in a real quote, but I can't find one that's good enough. So instead, I put in a quote that I said myself…and one that I won't stop being laughed at for. It actually represents life here with my friends; it's all about the funny little details that make you laugh for years. I'll miss most the crazy bond between us all. I love it! Thank you everyone - seriously, everyone - for everything. Family, thanks for raising the "middle child" so well. Friends, I love you! LOVE! LOVE! So I'll leave you with this: just keep having fun! xoxox

Here's to the experiences, friendships, spirit weeks, perogies and high fives in the halls. Here's to everyone at BH for making these 6 years irreplaceable. To my teachers and advisors, your motivation and guidance have shaped my future. To the prefs., u truly r an amazing group. To our unbeatable grade, Grads 05- we have 'bonded' to great heights. May our green machine keep rolling. To all the ladies, you've made me a better person by simply being yourselves ☺. To everyone I've met along the way, let our memories live on! To JAR, our team is unstoppable xo. To my family, I love you and owe all of my accomplishments to you. Mum, my best friend. You've always been there and it's made all the difference. Dad, my inspiration. I've 'followed my compass' and am where I am today because of you. Mikey, 1 of a kind. You're the type of brother that older sisters brag about. So I would like to propose a toast to BH! Thank you! xo Linds

What a long, strange trip it's been. I doubt I will look back on my adolescence fondly, but there is nowhere else I can imagine having survived it. Dually a safe-haven and a source of constant distress: Branksome and its diverse inhabitants have been my home and family (in the most awkward and uncomfortable sense of the word) and I am grateful for what it and they have provided me with. We walk the halls everyday with compatriots, competitors and mentors alike, all shaping the unique, at times unpleasant and all together irreplaceable experiences we have cultivated here. To my friends: I love you, I thank you, I'll be seeing you, so no need to say goodbye. To my family: supportive, psychotic and wonderful, thanks for the backbone. To all: thanks for the wild ride.
I leave with no regrets and no misgivings, only appreciation, admiration and hard-earned battle scars.

Too many people should go here, among them AM Computer People, Older People, and of course **Nerd Camp UBC '04**. To the English Department, for turning on my brain; to IB Chem, for Personal Skills (b); to Evelyn Waugh, for Brideshead Revisited; to the Pumpkins and Ginger Snaps for enjoyment; to my Mother, for being in my face and on my case but above all *there*; to Sophia, for telling me when I'm being an idiot; to IB Biology, for "so I was thinking about..." and IB English for making me think and making me laugh; to Anime Club, for waaaay too much Eva; to everyone who knows they deserve to be here; and to one more figure whose name will be absent here, though you know who you are – thank you.

All that really belongs to us is time; even he who has nothing else has that. The time I've spent at Branksome has been among the most wonderful of my years. Thanks to everyone who has been there throughout. MA-I can't thank you enough for all the times you've been there. Tier-Your faith is an inspiration. Lunchroom/English hallway crew-thanks for Disney sing-a-longs, finding one's inner gull, Irish boys, the hilarity that is men in kilts, and general insanity. Synchro-thank you so much for making me laugh so hard it hurt (and to Jules who put up with it). Here's to Mom, Dad, and Jamie…who never gave up on me(even if I would have in their place). Teachers-thank you for your patience and wisdom. I have spent my four years at BH trying to find a place for myself, only to find that I had been in the right place all along. *Men occasionally stumble over the truth, but most of them pick themselves up and hurry off as if nothing ever happened.*

I believe the great irony of my high school career is that I am even writing my grad-write up well past the deadline. But that aside, I never thought that four years could be so long and yet so short. I would like to thank all those who have been patient, kind and understanding of me – especially my teachers and family. You all deserve sainthood....or at least to be beatified. To my friends, you made this whole thing we call growing up livable, never forget how truly awesome all you ladies are. Public Affairs, Choir, WAC, Play, Com Serv, Multicult, and above all, DEBATING, have enriched my life and have made me – I hope – a richer person. So lastly, to GY, through spirit weeks and "bondage," we learned together that unity wins in the end. I hope that as we change, we remember all the good along with the sad - or else reunion will be awkward. – Lots of Like, Crax.

So time really does fly when you're having fun! WARNING: To the BH faculty- Don't be fooled. You will most definitely be seeing and hearing more of me. Thanks for preparing me for whatever lies ahead. Mum- I love you. You are the best. Thanks for giving me the opportunity to attend BH. To my entire family- I love you all more than words can express. Thanks for the continuing support (Babs- you're the reason I survived my English courses). Even if I could choose my family you are the guys I would have chosen. Each of you are so special and never cease to amaze me. Matthew- You are incredible. I love you and always will. To my friends- BU, JN, KR, SW, JG, HM, EW, HS, JH,...- Thanks for the unforgettable memories. Without you (and Starbucks) I would have never made it with a smile on my face. I love and cherish each of you. And to the rest of the grade- Have the best time at your respective locations next year and remember that knowledge is power! XOXO

When I was 11yrs old and about 4 foot 9, Branksome seemed like the most foreign place in the world. I had never seen so much plaid or so many spirited teenage girls in one place. I soon realized resistance was futile and before I knew it I had befriended the plaid-covered teenagers and even become one. Branksome gave me so much opportunity and led me to so many people. To my rowing cohorts and coaches thanks for sharing the 4:30am wake-up calls, sub-zero mornings and that OMG-weigh-in's-in-5min-and-I-might-explode panic that has defined my rowing career. There's no one in the world I'd rather be with at 5:15am. Most importantly, to all the students and teachers who shared the luchtimes, the laughs, and the Douglas spirit, I love you all and you're stuck with me. Mom, Dad, +Sibs, you brought the organized chaos that has made me who I am and I love you for it. Well, I'm off: "To infinite, and BEYOND!"

"We did not change as we grew older, we just became more clearly ourselves" It seems like I've blinked and seven years are over. There were funny times, scary times, crazy times, different times, but always good times and great memories. BHGirls – There's never been a grade quite like this. You have taught me more than I could ever imagine about life, love, friendship and spirit. To those who've shared the nights - you all mean more to me than I could ever tell you! You've given me more memories than I can count and your laughter has always been the best medicine. To the guys: The party will never end! Mom&Dad – I am the luckiest daughter in the world to have you beside me. Thank you so much for everything you have given to me. Boo – I love you more than you know- never stop being the amazing girl you are! We grew, we learned, we asked, we answered, we laughed, we cried, but most of all we learned to love.

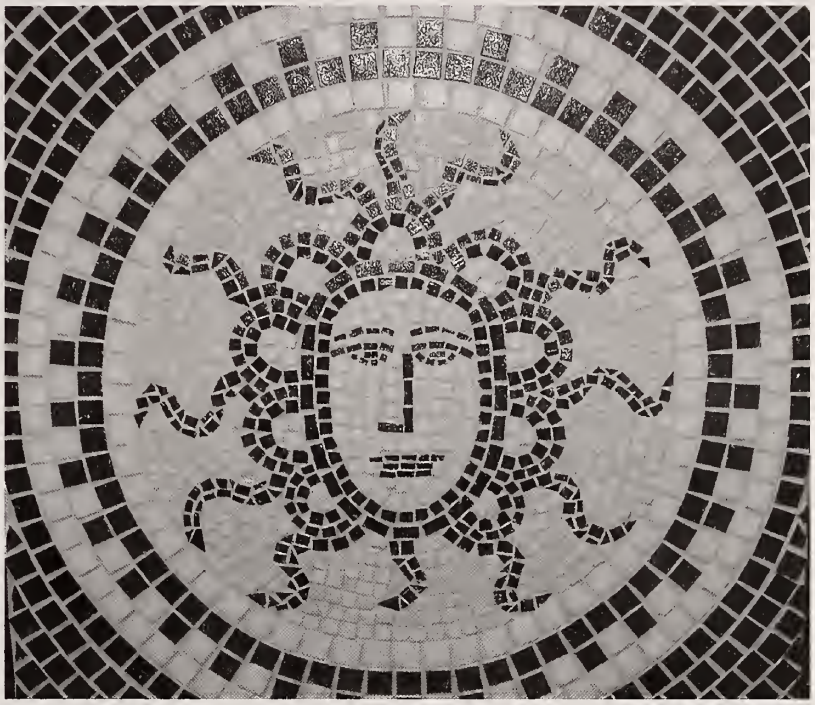
Je raconte une histoire de l'incident où j'ai disparu d'un centre commercial. J'étais avec mon père, ma mère, et ma sœur. J'ai disparu dans le centre commercial quand j'avais cinq ans. Nous étions dans la section avec les vêtements de soirée. Quand nous étions dans la section, j'ai erré dans la section et j'ai disparu. J'ai eu très peur. J'ai couru dans une section différente. Après j'ai couru au manteau de fourrures et ma famille m'a trouvé. Ils étaient contents de me voir. Ils m'ont fait promettre que jamais je disparaîtrai!

By Sarah Redington



Quand j'étais dans ma chambre j'ai entendu frappé à la porte. Après la personne est entrée dans ma chambre. La personne était évidement mon frère, Jesse. Jesse était en tenue de costume de «Scream». Il a marché très lentement vers moi avec un grand couteau. J'étais très effrayé et j'étais très surprise. Jesse avait le couteau dans sa main droite et sa main gauche était derrière son dos. Il a marché vers moi et après il a pris sa main gauche et dans sa main était une pomme! Il a dit, "Voulez-vous une pomme?» et il a coupé la pomme pour moi.

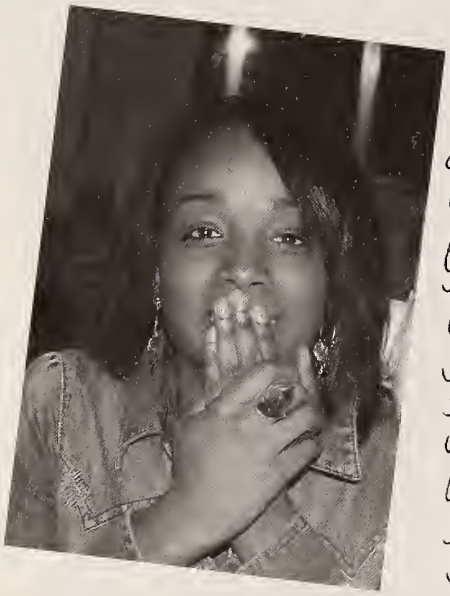
Residence Dons

Is it June already??? It hardly seems like 10 months ago the Dons were preparing for the arrival of 50 residence students. This has been a banner year, featuring many changes and initiatives to the residence. Ainslie House opened up in late August for the ESL Orientation Programme, which included visits to the ROM, the CN Tower, a baseball game, and a performance of Shakespear in High Park. We were blessed with beautiful weather during the regular orientation week, which meant plenty of sunshine for our trip to Canada's Wonderland. It may have gotten rainy for our Family Challenge scavenger hunt, but we still had fun running around T.O. ☺ This year we have gotten new furniture, new DVD players... new Grade 8s!!! Welcoming grade 8s back to residence has been an exciting experience; they have brought a unique energy and have inspired everyone with their youthful spirit.



Many great memories have been made this year: the endless number of hand-made scarves created after we taught you how to knit; movie marathons; skating at city hall; baking cookies; skipping rope outside in the cul-de-sac; Chinese Painting; and the crazy cat walk you put on at Halloween dinner. We hope you all had a great year + wish you all the best with your future endeavours.

♡,
The Dons

Residence Council

Can't believe it's already my second year at Bronksome. Living with fifty girls and six dons in res, I have had unforgettable memories and these taught me to be independent and strong. Definitely, the friendship is the most amazing part of the in res I got to know friends who are quite different from me but realized we are not so different. I know the life isn't always honey, but because of that we start socializing with these friends and laugh mostly gossiping about it! Guys I love you so much for decorating the res creative! and fun! Best wish from Park :)

Finally it's my last yr in Bronksome. It was a great yr, esp. those special dinners, BD Board and all the fun events we had. Special Thanks to the Art Don Ms. Burke, my partner Alice, all the Junior Dons, Head of house + Angela, We did it! I will always remember those activities, meetings we had, and all the laughter in the residence. I miz you all.
Good luck and Take care.
with love,
Yvette Chen (Art JD)

wow! This year has passed by so quickly. Res this year has been great, and co-heading the Entertainment committee has been such a fun experience. We met and socialized with both the res boys from UCC and SAC, bringing the girls together in an environment where they can get away from busy res life, ~~and~~ relax, and have fun. I'm looking forward to another fabulous year, and thanks so much Res Council. Angela, and all the res girls a great year! You all are AWESOME
xoxoxo

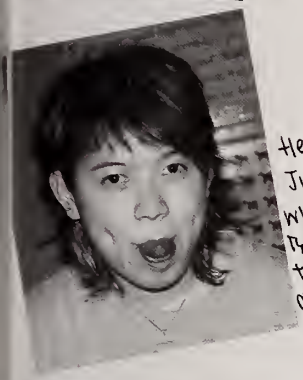
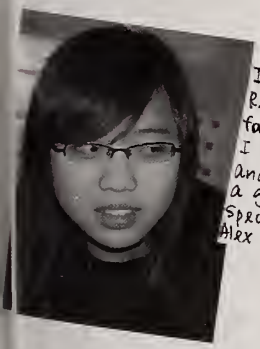
Being a junior don has taught me alot. Also being in Residence & contributing to it was an experience, thanks to those who have brought me here.



Hey! I am Jenny and I am the Junior Food Don of this year. Basically what I have to do in the residence is to order food everyweek, operate with the kitchen, and organize the special dinner. * ENJOY THE RES. LIFE *

Wow! I can't believe it's already the end of schools yr! It's such an honour to be part of the Res. Council. I really had a gd time working with you guys! I'll never forget the fun & laughter that we had this yr. A huge thx to all Junior Dons, Heads of Hse, and our beloved Prefett, Jola for organizing such amazing activities! particularly the Haunted Hse. It was indeed a great sucess. Also, thx to my Aindie food committee member for carrying those cases of juice boxes across the street! I ♡ u all!

p.s. thx Jenny (my partner) for giving me support all along! ^3^



It was such an honour working with the Res. Council. Hope all of you guys enjoy the family challenges. You girls are hilarious! I will always remember all the laughters and craziness we had in res. This has been a great year full of beautiful memories special thanks to Ms. Harvey and my partner Alex who always come up with amazing idea! Thx!

Being a Sports Junior Don is a great opportunity to make everyone enjoy stayin in res. You get to plan fun sport events like relays, lipsyne & snowfights. You also consteantly interact with other Junior Dons to deal with any issues and to plan special dinners & events! It's an amazing expirience! Best wishes to all Junior Doons' 2005!
Aleksandra R.

Hiya! everyone! I am Carol, the Head of MacNeil House of this fantastic year, Leading a role to make the house more wonderful and colourful, comfortable, making everyone to feel like their home. We are united! Yeah! keep it up guys! Hurray

Res life has been amazing this year! esp. Ainslie House, which is now agreed to be the more cozy and home-like house, that we all love! it's always filled with laughter (and sometimes a lot of singing too =P!) I think everyone in Ainslie enjoyed the year as much as I did. Also, being HOH and working with the res council is a lot of fun! To res council and Ainslie people: thanks so much for making this year so wonderful! Love you all!!! ♡ Tiff

Big time snaps Celine. The Branksome years hold so many memories—hard work, great friends, plays, choir, Infusion, outward bound, dances, Italy course, parties… And all our own--G.G, gumpf, Yo-Yo Mah, bundali, prego dude, Café Brussels, N-on-the L crumple…I'm so proud of you. I love you - we laugh, struggle, ponder together. I wish for your continued happiness and joy and that your gentle soul and happy spirit help you through the sketchy times. Always know how much you are loved by all of us. "All you have to do is call my name and I'll be there."

Alicia Chiu

It really didn't seem all that long ago when you were in Mrs. Medland's bright cheerful classroom and Mrs. Gallivan's fun-filled EDP! Yeah...it's been 14 years of nurturing and learning! You have grown from a shy wee-little-one into a very confident independent individual - always so kind, caring and loyal toward others. You have handled challenges over the years with positive attitude, perseverance, determination and a sense of humour. You have brought so much love, joy and laughter into our lives. No words can really describe how proud we are of you, and your accomplishments! Go forth and travel down that road of life of yours. Branksome Hall with its dedicated teachers has prepared you well to take on those exciting adventures and challenges ahead! Well done Alicia!
Lots of love, Mom & Dad

Samia Conille-Sassi

To our daughter Samia who as made us so proud, we would like to congratulate her on her continuing success and wish her the very best for the years to come. Though at times she has faced many challenges; she has showed courage and determination. Samia, please remember that the glass is always half full and never half empty .When the road gets rough, think of those who are even less privileged. This should give you the strength to succeed and overcome all obstacles. "My message is one of trust in you and your sense of responsibility, in your predilection for accomplishment, and in your capacity to love. For without love, nothing of any worth is possible. Without love, every dream is false. Without love, every accomplishment is hollow. Without love, the song of life retains no echo, and joy cannot be found. Without love, there is no warmth. Without love, there is only darkness. And finally, always remember that your commencement is not an ending; it is a beginning! You are going to establish a new legacy based on strong family values, and you will be part of the leaders of tomorrow. Keep in mind that principles are more important than prosperity-and that happiness is not measured by what one holds in his or her hand, but by what one holds in the heart. Always remember, don't underestimate the value in the power of money and political influence, but never let either of these be your god. As you travel life's highway, make education a priority in your life, and you will be prepared to meet the challenges of the future."
WE LOVE YOU SAMIA. CONGRATULATIONS ONCE AGAIN!
Your Parents & Family

Jocie Dilworth

Steph Edmison

Stephanie promise yourself to: be so strong that nothing can disturb your peace of mind, make all your friends feel that there is something in them, look at the sunny side of everything and make your dreams come true, think only of the best, to work only for the best and expect only the best, be just as enthusiastic about the success of others as you are about your own. forget the mistakes of the past and press on to the greater achievements of the future, give so much time to the improvement of yourself that you have no time to criticize others, be too large for worry, too noble for anger, too strong for fear, and too happy to permit the presence of trouble.
Christian Larson
We are so proud of you Stephanie, Keep Well The Road, All our love Mom and Dad

Jenn Heard

Already, you have overcome more hurdles than most face in a lifetime. You have prevailed with enormous courage, unsurpassing love and infectious optimism. Never, ever, Jenn have you acted like a victim, and that stands you in good stead to seize the limitless opportunities that lie ahead. With you, we have rediscovered the glories of Shakespeare and the grim lessons of history. Together, we celebrated the courage and humanity of Nelson Mandela. Together, we surfed the Big Kahuna in Hawaii, skied the Whistler back country and explored the dark, deep woods at Bark Lake. Seeing you at sweet 18, we remember Wordsworth: Bliss was it in that dawn to be alive! But to be young was very heaven. And, your journey has only just begun: You have so many promises to keep -- and you will. We love you, Jenn, more than words can say.

Julie Gilmour

Dear Julie,
You have made a wonderful start to what we know will be a fulfilling and happy life! With so many great friends made at Branksome you will always be at home wherever you travel. Your many accomplisments have been impressive and you are an inspiration to all for us!

Or where you'll challenge fate,
I only know it will be high,
I only know it will be GREAT!

As Peter Pan, in Mrs. Medland's kindergarten, you sang the words, "I won't grow up". Well kiddo, you are all grown up now and on your way. You represent all that is good about Branksome…in the words of a former teacher, "a true Branksome citizen". Your irrepressible spirit will stand you in good stead as you move into the next stage of your life. You were given to us to love, guide, and protect…now go out into the world and make your mark. But wherever your life takes you, never forget who you are. You will always be our little punkiedou.
